Roderick Washington

Roderick Washington is the Operations Manager at Houston Marine Service:

Roderick recently stated:

"The Mitsubishi Engines have been a great success here at Houston Marine. We now have all (4) of our Inland Boats using Mitsubishi Engines. The engines have given us more power and they have significantly reduced our fuel consumption and eliminated oil consumption. In fact, if I see a Mitsubishi engine using oil, I tell my staff to go down to the boat and look for a leak, because Mitsubishi Engines don't burn oil"
